

Fusion series

Designed by Michael H. Nielsen, Denmark

The Fusion dining table combines elegant forms with robust craftsmanship when constructive elements meet in beautifully defined joints, created by hand in FSC®-certified oak. The warm surface in oiled oak makes you and your guests want to sit around the table for a little longer. Simply add up to two extension leaves to set the table for bigger dinner parties.

Meet the designer

My style is characterized by keeping the focus on the detail and "edge" that separates my designs from the crowd. One of my biggest influences is to register how much diversity there is among people and try to meet the very different needs that it creates. I've always been fascinated by the craftsmanship and the interaction between craftsman and designer. Good design is what gives meaning and value to the people who use it.
