SHORT

MatchMan immortalized in solid oak with moveable arms & legs and magnets in the feet to keep balance

LONG

We have grown up with the match man – often the starting point for our creative expression with paper and crayons in the early childhood. By the means of a few straight lines, the imagination sparked drawings of everything from policemen and firefighters to scary monsters.

The match man has now been immortalized in solid oak. A functional figure with moveable arms and legs and magnets in the feet to keep balance – a true reminiscence of the joys of simplified living.
