MEGA BULB PENDANT SR2

BY SOFIE REFER

2006

Mega Bulb, though superior in size, is actually the younger sister of Bulb, first blown five years after in 2006. Just as elegant, Mega Bulb is the answer to all requests for poetic lightning in larger rooms and spaces. The small irregularities in the mouth blown glass make each of the pendants one of a kind and add the story of the glass master's personal efforts in changing sand, soda and chalk into a modern classic using a thousand year old method.

Mega Bulb offers both high quality design and high quality light, being a perfect companion for the kitchen chef.

&tradition is a Danish design company established in 2010 with the founding principle being tradition tied to innovation. Our unique library of furniture and lighting spans from the 1930s to the present day and includes designs by internationally renowned designers.
