

APOLLO 79 PENDANT —  
BY BROBERG & RIDDERSTRÅLE 2018

#792118 #792115

With a composition that alludes to mass and weight, Apollo is a lamp made from a solid piece of machine-turned brass or aluminium.

## ABOUT

With a composition that alludes to mass and weight, Apollo is a lamp made from a solid piece of machine-turned brass or aluminium. Its conical shapes balance end-on-end like spinning gyros, emphasising a dynamic, downward, thrusting force. A lamp with a real heightened material presence, with its surfaces left deliberately raw. The Apollo family comes in a range of colours that can be used singularly or hanging in various heights as a group constellation. A new addition to the family is the distinctive Apollo 180 floor lamp, in lacquered or black anodised aluminium. The upward turning conical shapes give an indirect light.

## SPECIFICATIONS

designer	BROBERG & RIDDERSTRÅLE
category	PENDANT
dimensions (cm)	D:12,5 H:91,5
mounting	SUSPENSION TYPE
cable (cm)	300
max watt	1*20W
bulb included	NO
recommended lightsource	PHILIPS COREPRO LEDCAPSULEMV 2.3-25W G9 827 DIMMABLE
socket	G9
ceiling plug	YES
class	CLASS II
ip	IP20

## ITEM NO 792115

colour	BLACK INK/ALU
ral	2203005
cable	PVC - BLACK
ceiling cup	YES - BLACK
material	ALUMINIUM

## ITEM NO 792118

colour	HONEY GOLD/BRASS
ral	0757080
cable	BLACK, PVC
ceiling cup	YES - BLACK
material	ALUMINIUM, BRASS
