

LAMPE DE BUREAU

Charlotte Perriand

Starting from the necessity of illuminating the faces reflected in the mirror of a cabinet designed for the famous French glassworks Boussois, in 1965 Charlotte Perriand designed the wall-mounted version of the Lampe de Bureau, later transformed into a table lamp. The grey steel stem is anchored to a lifted, almost suspended, darker base and the translucent pressed glass diffuser is available in two finishes, white inside and green, red, blue mare or blue grey outside. Lampe de Bureau represents an important exercise in the rationalisation of the traditional table lamp.

LED/HALO

LAMPING

Source	E14
Total power	20W
Emission	diffused
Switching	switch on board
Tension	230V
Dimensions	ø15x51xø9,5
Materials	steel + glass
Notes	Cable length 1,5m, steel base dark grey RAL7016, steel body light grey RAL7046, green, red, blue mare and blue grey glass available
