*Introducing the modernist  
Corbel Shelf, Long and Corbel Wall Desk.*

The newest additions to the Corbel series embody a perfect synergy of form and function to cater to diverse design preferences and functional needs. Drawing inspiration from architectural weight-bearing brackets, the Corbel Shelf, Long and Corbel Wall Desk elevate beyond functionality, infusing contemporary interiors with their structural elegance and timeless appeal. Designed for versatility, the Corbel Shelf, Long transcends traditional boundaries, effortlessly serving purposes in dining, kitchen and living room areas. Crafted in premium materials, it is available in two versions: marble with dark-stained oak and bronzed steel brackets and dark-stained oak with dark-stained oak and bronzed steel brackets.

Notably, it ingeniously pairs with the Corbel Wall Desk, forming a minimalist office unit that maximises space utility. Addressing the growing trend of remote work, the close-to-wall design is a versatile solution for casual work environments, providing efficient cord management to keep surfaces clutter-free. Its wall-mounted design in dark-stained oak with bronzed steel brackets makes it particularly beneficial for smaller or shared spaces, and the linoleum desk surface enhances both the tabletop's durability and appeal.

The new additions launch online and at Audo Copenhagen retailers on 28. February 2024.

*About the Designer*

The Copenhagen-based design studio Krøyer-Sætter-Lassen creates furniture and interior objects for clients across the world. Founded in 2016 by Mads Sætter-Lassen and Emil Krøyer, their honest approach to design results in logical, functional and sculptural objects that showcase their strong cultural understanding and Danish design heritage to bridge the gap between art and design. Krøyer and Sætter-Lassen's honest focus is revealed through their consideration of material properties and tectonic details.
