"Give me a lamp that will look great on a New York loft."

ABOUT

“Give me a lamp that will look great on a New York loft – with those words I started to work with the series Mobil for Pholc.”
– Monika Mulder.

Thinking of the typical New York balcony racks in black metal and the round streetlights on Brooklyn Bridge. Those ingredients resulted into a pendant lamp where 2 equal parts are linked on each other. Turning each part makes it look like a mobile. The wall lamps and the table lamp in the same collection are minimalistic.
