# Fawn bed

## Product facts

### Materials

---

Body	Solid oak
Finish	Hardwax oil
Headboard	Cotton webbing Leather or fabric upholstery

### Technical features

---

#### Body

The superlight, demountable Fawn bed body construction is entirely made out of solid wood - oak. Fawn bed comes in two different frame heights - as 10 cm normal frame and 14 cm deep frame option (more suitable for higher slats/mattresses).

#### Headboard

Two options for the headboard are available: cotton webbing and upholstered options (leather, fabric and felt). For further information please see Available materials and colours page in this document.

#### Finish

Solid wood finish is available in two plant-based Hardwax oil finishes (colours), which retain the wood's natural state, as a white or natural oil.

#### Cleaning

Please see [Product](#) or [Material](#) page on our website.

### Standards and certifications

---

Fawn bed fulfills requirements of standard BAS EN 1725:2005 (EN 1725:1998, IDT) Domestic furniture - Beds and mattresses - Safety requirements and test methods.

Internal frame dimensions of the Fawn bed (European sizes) are in accordance with European Standard DIN EN 1334 (internal frame width = mattress nomenclature width + 0,5 cm; internal frame depth = mattress nomenclature depth + 0 cm).

### Mattresses and slats

---

Mattresses and slats are not included in the Fawn bed, while the basic slats (6 cm high) are available on request.

Slats available on request come in two separate parts and are combined together in one bed frame (dimensions of each part is 1/2 bed internal frame width).

Slats higher than 6 cm are not suitable for the Fawn bed - normal frame. Due to this reason, Fawn bed - deep frame options (frame height - 14 cm) are also available for order.

### Notes to consider

---

#### Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

#### Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

#### Dimensions (tolerances)

The dimensions shown are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes. Deviations from the specified size may occur, usually no more than 1 cm.

For all additional inquiries regarding the Fawn bed please feel free to [contact us](#).
